

This sheet music booklet presents the songs from **Welcome To Our World** in a simplified, single-stave format including the chord names above (suited for guitar or keyboard) and full songs lyrics beneath. It is designed to assist music readers with their teaching & learning of each song when used in conjunction with the double compact disc recording (*MFS 032*). For your performances, however, it is intended that the backing track CD (*MFS 032A*) is used for the musical accompaniment.
